Bromley Printing, Inc. Receives WBENC Certification as a Woman-Owned Business Enterprise

Coon Rapids, MN – July 2009 –Bromley Printing, Inc., a business specializing in, printing, graphic design, marketing, websites, and direct mailing, received national certification as a Women's Business Enterprise by the Women's Business Development Center – a certifying partner of the Women's Business Enterprise National Council (WBENC).

The WBENC certification for women-owned business is the most recognizable and sought after certification of its kind. WBENC's national standard of certification implemented by the Women's Business Development Center is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

"We are thrilled to be officially certified as a Women-Owned Business Enterprise. When I started my business 23 years ago, I could have really used organizations such as the WBENC to compliment our hard work, sales strategies and talent when competing for new business. By receiving the WBENC designation, we look forward to the opportunities the certification will bring," said Elizabeth Bromley, President of Bromley Printing.

By including women-owned businesses among their vendors, corporations, and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.
